III. Recruitment Initiatives

	Type of Recruitment Initiatives	Brief Description of Activity
1	Boy Scout Explorer Program	PMB charters a Boy Scout Explorer program by which we demonstrate, instruct, and train Explorer Scouts in radio broadcasting, the Scouts are allowed to train with real on the air equipment and learn about the broadcast industry. The group of high school and college students meet monthly during the academic year. We hosted a group for both the 2013-2014 and the 2014-2015 academic year.
2	Columbus State University NPACE Center	PMB Broadcasting entered into a partnership with Columbus State University's Communications Department whereby PMB constructed an operating radio studio at the college at a cost of approximately \$7,500. Additionally, PMB staff works with the students in the Mass Communications program in a lab envinronment.
3	Columbus State University Department of Communication	PMB provided to CSU's Communications Department, at no-cost, our Operations Manager to teach a Practicum course. OM teaches hands-on skills about radio including audio editing, proper on- air announcing techniques, and methods to get involved with broadcasting companies and potentially gain full-time employement in the industry.
4	Columbus State University Department of Communication Internships	PMB works with CSU's Communication Department to place semester-long paid-interns inside PMB Broadcasting for hands on training in a commercial operating environment.
5	Auburn University Department of Communication Internships	PMB works with Auburn's Communication Department to place semester-long paid-interns inside PMB Broadcasting for hands on training in a commercial operating environment.
